Opioid Analgesics - StatPearls - NCBI Bookshelf

Aug 31, 2021 · Opioids are a class of medication used in the management and treatment of pain. This activity outlines the indications, action, and contraindications for opioids as a valuable agent in the treatment of acute and chronic pain. This activity will highlight the mechanism of action, adverse event profile, and other key factors (e.g., off-label uses, dosing, pharmacodynamics, pharmacokinetics ...

Metronidazole - StatPearls - NCBI Bookshelf

Jun 29, 2021 · Metronidazole is one of the mainstay drugs for the treatment of anaerobic bacterial infections, protozoal infections, and microaerophilic bacterial infections. It is cytotoxic to facultative anaerobic microorganism. This activity will highlight the mechanism of action, adverse event profile, and other key factors pertinent to members of the interprofessional team in the care of patients being ...

Health Psychology Journal

Health Psychology ® is the official scientific journal of the Society for Health Psychology (Division 38 of the American Psychological Association). Its mission is to advance the science and practice of evidence-based health psychology and behavioral medicine. It publishes peer-reviewed articles on psychological, biobehavioral, social, and environmental factors in physical health and medical ...

Frontiers | Art and Psychological Well-Being: Linking the ...

Empirical studies suggest that art improves health and well-being among individuals. However, how aesthetic appreciation affects our cognitive and emotional states to promote physical and psychological well-being is still unclear. In this review, we consider the idea that the positive emotional output elicited from the aesthetic experience affects mood, and indirectly promotes health and well ...

The Jigsaw Classroom

STEP THREE. Divide the day's lesson into 5-6 segments. For example, if you want history students to learn about Eleanor Roosevelt, you might divide a short biography of her into stand-alone segments on: (1) Her childhood, (2) Her family life with Franklin and their children, (3) Her life after Franklin contracted polio, (4) Her work in the White House as First Lady, and (5) Her life and work ...
