World Economic Outlook Database, October 2020

The World Economic Outlook (WEO) database contains selected macroeconomic data series from the statistical appendix of the World Economic Outlook report, which presents the IMF staff's analysis and projections of economic developments at the global level, in major country groups and in many individual countries. The WEO is released in April and September/October each year.

Consciousness | Internet Encyclopedia of Philosophy

Thus, the thinking seems to go, perhaps the two are essentially related somehow and other physicalistic accounts are looking in the wrong place, such as at the neuro-chemical level. Although many attempts to explain consciousness often rely on conjecture or speculation, quantum approaches may indeed lead the field along these lines.

Soy - Our World in Data

Soy yields have doubled since 1980. This is impressive but not enough to keep up with demand: soy production increased by 680%. Instead, Brazil has had to devote more and more land to soy production: land use has tripled since 1980.

List of regions by past GDP (PPP) per capita - Wikipedia

These are lists of regions and countries by their estimated real gross domestic product (GDP) per capita in terms of purchasing power parity (PPP), the value of all final goods and services produced within a country/region in a given year divided by population size. GDP per capita dollar (international dollar) estimates here are derived from PPP estimates.

Psychedelics

Ayahuasca, also known as yagé or hoasca, has a long history of use by natives in the Amazon valley of South America (Dobkin de Rios, 1971; Schultes and Hofmann, 1979). Ayahuasca is a decoction prepared from an admixture of two plants: the pounded bark from *Banisteriopsis caapi* vines and leaves from *Psychotria viridis*. The latter contains the hallucinogen DMT, a Schedule 1 controlled substance ...

Famines - Our World in Data

Dec 07, 2017 · Based on consideration of a patchwork of burial records and other historical accounts, Menken and Watkins (1985) conclude that famines in which death rates doubled for two years or more were 'rare', and that famines of even greater intensity were 'highly unusual', if they occurred at all. 18

Compatibilism (Stanford Encyclopedia of Philosophy)

Apr 26, 2004 · In Freedom within Reason (1990), as well as in several provocative papers (1980, 1987), Susan Wolf develops a theory of free will and moral responsibility that highlights a mesh between an agent's action and what she (correctly) regards as valuable. For Wolf, free will concerns an agent's ability to act in accord with the True and the Good.

Kenneth Arnold UFO sighting - Wikipedia

The Kenneth Arnold UFO sighting occurred on June 24, 1947, when private pilot Kenneth Arnold claimed that he saw a string of nine, shiny unidentified flying objects flying past Mount Rainier at speeds that Arnold estimated at a minimum of 1,200 miles an hour (1,932 km/hr). This was the first post-World War II sighting in the United States that garnered nationwide news coverage and is credited ...
