Case 4 Genie, The Wild Child Research or Exploitation?

When Genie emerged from her prison of silence, she was, ironically, thrust into the center of a war about words. Psychologists, psychiatrists, linguists, and others had, over the years, posed a tangle of questions about how people learn to speak, how they build their vocabularies, and how they create meaningful sentences to communicate with others.

have all the information you need, it can help to write down questions to ask for the next time you visit the doctor. Tip #3: Identify yourself. Be sure the healthcare professional asks your name and birthdate.

In vitro fertilisation - Wikipedia

In vitro fertilisation (IVF) is a process of fertilisation where an egg is combined with sperm in vitro ("in glass"). The process involves monitoring and stimulating a woman's ovulatory process, removing an ovum or ova (egg or eggs) from her ovaries and letting sperm fertilise them in a culture medium in a laboratory. After the fertilised egg
